NASHI stayed true to our mission:

- **Educating Canadians of the travesty of Human Trafficking**
- **Maintaining our safehouse and educating our girls in Ukraine**

YOU HAVE BROUGHT **LIGHT INTO MANY LIVES**

YOU HAVE DONATED IN SO MANY WAYS:

- In Memory of Loved Ones
- Through wills and bequests
- Anniversaries
- Birthdays
- Monthly donors
- Repeated donations
- Donation of time

You were all motivated to give your gift to our mission and the girls who will carry on your legacy forever. It is with honour and gratitude we are dedicating this newsletter to you. Your support is a testament to your compassionate spirit. Thank you for being a champion for our cause.

GENEROSITY TO THE “SEA CAMPAIGN”

NASHI, as a gift to our girls, wanted to give them a special treat for their courage in the evacuation to and acceptance of their having to stay in Poland. We launched a “Sea Campaign” to send them to a sea resort camp to Croatia. It was a long day’s drive but they were so excited they could not sleep for days.

Your generosity in donations was overwhelming. As you see in some of the pictures they were absolutely ecstatic and had such a marvelous time. Nastya, one of our girls, thanked the NASHI donors for this adventure of a lifetime and for continuing to look after all their needs. What more can be said! Thank You.

NASHI BASH in BEDFORD, NOVA SCOTIA

The Bedford United Church in Nova Scotia organized a fundraiser for NASHI the weekend of June 9. What a weekend it was! The Bedford organizing committee were so welcoming and we really felt this was family. The weekend started with a Friday Meet and Greet with a special presentation from an RCMP Constable specifically talking about human trafficking in the Halifax area. Saturday was the Perogy Fest and then the Sunday Church Service was dedicated and centered around NASHI and our girls.

NASHI prepared 25 packages for the Sunday School class and these young people made a wonderful banner honouring NASHI with pictures of all our girls. Another committee of this church knitted 17 prayer shawls that we have sent to Poland where the girls are still safe.

It was an amazing weekend and we invited the congregation to join us on our 20th Anniversary Gala the weekend of October 11, 2024 and would extend our Prairie hospitality.

NASHI AT TEEN CAMP

NASHI was invited to a teen camp at Green Grove in Wakaw, SK. One of NASHI's objectives is to educate young people that they are not exempt from being trafficked and they need to join in and take action to fight this travesty of human trafficking. Through this presentation the teens realized how easy it is for traffickers to lure teens, primarily through the internet, into the web of victims of trafficking and how quickly they could have their dreams and hopes evaporated. Melodiya, a teen who attended, said, "I think this seminar should be presented to all teenagers." NASHI agrees.

This event was sponsored by the Worobetz Foundation.
